### Science Fair

WWS Elementary students took part in their first ever Science Fair this month! Students tested the properties of static electricity, melting properties of their favorite candy treats, studied the movement of color through water, and learned more about planets, invisible ink, bread making, and storms! Congratulations to all students for a job well done and thank you teachers for all of your help preparing students for this special day!

## Elementary Moving Up Day- SAVE THE DATE

Elementary families are invited to the Moving Up Ceremony on June 11th at 3pm. This event celebrates ALL students on their completion of the year, and also graduates rising Middle School students.
